

### **Communication Disorders Minor**

The Communication Disorders Minor provides the prerequisites necessary to prepare students for graduate study in speech/language pathology or audiology. The program consists of five courses, considered by the accrediting agency, the American Speech-Language-Hearing Association (ASHA), as essential to students seeking admission to graduate programs in the field. Only one course taken as a part of a student's major may be counted toward the student's minor.

|     |   |               |
|-----|---|---------------|
| SLP | 102/Language, Speech and Communication Development<br>(offered fall and spring semesters) | 1 course unit |
