The Women's, Gender, and Sexuality Studies (WGSS) major is interdisciplinary, offering over 90 courses in 15 programs and departments. WGSS courses enable students to understand changing social patterns and the effects of institutions and culture on behavior. Courses explore how gender shapes social roles and identities as well as the function of race, class, and sexuality in the experience of gender within and across cultures. The major prepares students for a variety of professional and graduate schools and for careers in virtually all employment sectors.
