

Educational Administration and Secondary Education

5-Year Urban Secondary Education Program

Faculty: Girard Chair; Bellino, Connolly, Davis, Gordon, Gosselin, Leake, Mayger,

The Department of Educational Administration and Secondary Education offers a 5-Year Urban Secondary Education program consisting of both undergraduate and graduate courses that support the preparation of students matriculated in secondary education track programs in biology, chemistry, physics, mathematics, social studies (through either the history or the economics major), and English. Upon completion of this program students apply for certification in their content area and earn a Master of Arts in Teaching in Urban Secondary Education. Additionally, students select one of three concentrations: Liteacy, Special Education or ESL. The ESL concentration may lead to an additional certification in ESL if students complete the 5-required courses. Department courses are guided by the Conceptual Framework of The School of Education, the New Jersey Administrative Code and State Standards, and national accrediting organizations.
