

Graphic Design Program: Overview

Faculty: Alejandro, Chak, Haikes

Visual Arts Major (BFA degree) with a specialization in Graphic Design

The College of New Jersey offers a BFA in Visual Arts with three specializations: Graphic Design through the Department of Design and Creative Technology; Fine Art, and Photography and Video through the Department of Art & Art History.

The Graphic Design specialization is grounded in a strong foundation of core courses, which then allows students to narrow and intensify their focus as they acquire more and diverse skills and as they mature as professional designers. It provides conceptual, theoretical, and technical problem solving skills in the field of visual communication and prepares students to be creative, collaborative, and critical so that they can succeed in the competitive design profession.

We approach the profession as an interdisciplinary, trans-media field that is rooted in art, design, and visual culture. Students will develop their unique personal visions, and cultivate a sense of social responsibility as designers contributing to our mass culture, as they become creators and interpreters of the environment in which we live. They will be able to perceive and adapt to changing cultural and technological demands and to the fast growing design profession. In addition, our program integrates the college's outstanding liberal arts courses with a rigorous design curriculum. Students with a graphic design specialization will choose either the print media track or digital media track. The rigorous and integrated curriculum includes coursework in typography, image-making, theories and history, web, app and multimedia design, and a strong foundation in research methodologies including design thinking and user experience design. There is a wide range of employment opportunities for designers such as book and publication design, advertising, branding and identity system, packaging, information design, as well as design for digital environments including UI/UX, motion design, app and web design.

After completing the specialization, students will be able to demonstrate knowledge and skills in the following areas: creative problem solving, use of technology and relevant traditional skills, understanding of history and contemporary issues, visual and critical research, writing and communication skills. Additionally, they will have begun a prolific creative practice. The graphic design specialization takes advantage of the College's proximity to major design studios in New York, Philadelphia, and Washington to broaden students' exposure to current trends and traditional concepts and techniques.

Independent study is available to upper-level art majors with three courses in a studio or lecture area in which they have earned a minimum 2.5 GPA. A minimum of 12 course units must be taken in the Department of Design & Creative Technology and the Department of Art & Art History at The College of New Jersey. Personal advisement and portfolio preparation counseling are available to those students who wish to prepare for graduate school.

The College of New Jersey is an accredited institutional member of the National Association of Schools of Art and Design.

Admission Requirements for Visual Arts with a specialization in Graphic Design

Acceptance to the Visual Arts with a specialization in Graphic Design requires a successful portfolio review as well as admission by the College. After the department has received a copy of the student's application from the Office of Admissions, it will review the student's portfolio on Slideroom. Candidates for Spring term admission and early-decision Fall term admission are reviewed in November. Candidates for Fall term admission are reviewed from December through March.

In order to be considered for admission into the Visual Art with a specialization in Graphic Design, applicants must:

Apply to TCNJ: For more information about the submission process to the college, please visit our Admissions Website: <https://admissions.tcnj.edu/apply/>

Submit a Portfolio: Students should submit work through Slideroom: <https://tcnj.slideroom.com/#/Login>. The portfolio should consist of the following three components:

- a) Digital images of 6-12 works of art
- b) A numbered list indicating the title, materials and dimensions of the work
- c) A one-page personal essay

Images

Professional presentation of the work is important. Please present documentation that is in-focus, well-lit and shows your best work. Contact the Department of Design and Creative Technology for up-to-date specifications about file format and size limitations.

All work must be original, demonstrating the applicant's technical skills, creativity, and aesthetic ability. Portfolio may feature drawings, design, computer graphics, photography, video, sculpture, or mixed-media. Copies of other artists' work including anime, cartoons, graffiti or tattoos should not be included in the portfolio. If possible, please also include at least one image from a sketchbook.

Image List

Include a numbered image list along with your submitted work. Indicate your name, date of completion, materials, and dimensions of the individual pieces.

Internal Transfer

Transfer into the Graphic Design Specialization from another program within the College is based upon a successful portfolio review. Email the department (dct@tcnj.edu) for a link to the portfolio submission form.

Upon notification of a successful portfolio review, students have 45 business days to submit the change-of-major form (available on the department website as well as the site for the Office of Records and Registration)

Retention, and Exit Standards

Every major program at the College has set standards for allowing students to remain and to graduate from a program. The following are the standards for the Graphic Design specialization.

- Retention in the Graphic design specialization is based on successful completion of the AAV 200-Sophomore Review, and C in all critical content courses (AAV 253 and AAV 358)
- Graduation requires a GPA of 2.0 and a minimum grade of C- in all major courses.

Student Organization: AIGA-TCNJ Student Group

AIGA-TCNJ is a student group of the American Institute of Graphic Design (AIGA), the national professional association for design. Formed in 2012, AIGA-TCNJ Student Group strives to bring together all students interested in the graphic arts and promote design culture on campus. The group also holds design focused events and fundraisers.
